## **Cygnnet Medical Services pathology collection service**

Residents of Cygnnet have even more reasons to smile with the introduction of a collection service at the Cygnnet Medical Services.

Hobart Pathology now provide a blood collection service from Cygnnet Medical Services every Monday, Tuesday and Thursday from 8 to 11am.

The service frees up the Practice Nurse who can now devote time to seeing patients for chronic disease management, care plans and one-on-one care.

The pathology collection service also means residents of Cygnnet who used to travel outside of the township for specific tests can now get tested and the bloods picked up without leaving their hometown.

Any increase to local services is to be welcomed and the Cygnnet Medical Services and Huon Valley Council would like to thank Hobart Pathology for this valuable partnership.
