# **Geeveston Medical Centre continues to serve the community**

In response to several enquiries received on the future of Geeveston Medical Centre, Huon Valley Mayor Sally Doyle has issued an official statement on the matter.

"I would like to assure our community that there is no intention for Council to close the Geeveston Medical Centre. It is a valued asset to the Huon Valley community and the Council."

"Council is continuing to progress the model of a single practice operating across two sites. Doctors will be rotating between both Dover and Geeveston Medical Centres."
