

MEDIA RELEASE

6 March 2024

Temporary management change of Franklin's Palais Theatre

Council would like to advise the community that we will be temporarily managing the operations of the Palais Theatre while a review is conducted.

"We appreciate the hard work and dedication of the Palais Management Committee and we are working to complete the review as soon as possible," said Huon Valley Mayor Sally Doyle.

Council aims to use the existing booking process to limit the impact on potential users. We will also be contacting those that have existing bookings at the Palais Theatre to explain any changes that may occur with their bookings.

Please note, in the interim some events currently managed by the Palais Management Committee (PMC) may not continue unless alternative arrangements can be made. Council will work with the PMC Chair to explore such arrangements.
